

CHATEAU HAUT BONNEAU 2023

CABERNET SAUVIGNON

AOC MONTAGNE SAINT EMILION

A word from the owner

« At Château Haut Bonneau, we want you to discover the sublime terroir in which this Cabernet Sauvignon is grown, "in the land of Merlot", which produces a wine of ripe, magnificent and generous fruit.

Traditional Bordeaux oak ageing reveals all the complexity of this grape variety, a partner in the finest wines. »

The estate

The Château is committed to the challenges of the future:

- A new winery with stainless steel vat room, thermo-regulated, **with low energy impact** and management of wine effluents
- Implementation of an **HACCP system** to ensure food safety for consumers
- **Level 3 HVE** (High Environmental Value) certification for the estate, starting with the 2018 vintage

Bruno is also committed to defending his appellation, and at the age of 40 has already spent 15 years as president of the Montagne St Emilion AOC.

Total area: 25 hectares

Surface area for this selection: 2 ha

Soil : south-facing clay-limestone slopes

Grapes variety : 100 % Cabernet Sauvignon.

Age of the vineyard: 20 ans

Degree : 13%vol

Andréas Larsson- Meilleur sommelier du Monde 2007 :

90/100 Tasted on July 25, 2024

« Dense dark purple core and hue. Some new oak and toast with cassis, dark berries, leather and tobacco with some herbal spices. The palate is dense with a young texture but ripe extract, good level of freshness and a long lingering finish. Fine material but still needs time.»
